TOWNS THREATENED.

Waters of the Mississippi Rushing Through a Break in the Levee.

PEOPLE ALARMED AT THE FLOOD.

Loss of Life in Remote Sections, Several Floaters Having Been Found. Levee at New Orleans Continues to Hold.

Memphis, March 18. — The river stands at 39.6 feet and is stationary. The levees continue to hold and only one break is reported in the St. Francis system, that at Trice's landing, 20 miles north of here. The waters of the big stream are rushing through this crevasse at a fearful rate and flooding the Arkansas basin south. The town of Marion, in Crittendon county, is in desperate straits, and its inhabitants are greatly alarmed at the rapid encroachment of the flood. Hundreds of refugees are in Marion, and every available building is being used to house these unfortunates. The Frisco road, which runs through the town, is under water, and there is no means of getting them out. This fact was reported to President Killough of the St. Francis levee board, and he announced that if the situation warranted it, he would cut the levee near Mound City so as to allow steamboats to get through to Marion.

Reports of loss of life in remote sections are current, but only in two cases can they be verified. The body of an unknown white woman was found in the water near Mound City, and the corpse of a negro was taken from the overflowed district. All railroads entering the city from the west are badly hampered by the rising torrent, and in many cases their schedules have been annulled. The levee here is crowded with poor negroes, who were picked up by steamboats. The city authorities have turned over several buildings for their use, and they are being cared for by the Sunshine society.

A dispatch from Covington, Tenn., states that Island 35, which is considered one of the highest in the north end of the river, is flooded for the first time in its history. Sixty persons were rescued from the island by a steamer. Reports from Helena state that the people of North Helena are alarmed over the flood situation. The levee before that part of the town will hold only one foot more of water. The Huntington levee, in Bolivar county, Miss., continues to hold. Hundreds of laborers are working day and night, in an effort to strengthen the embankment. The situation in North Memphis is unchanged. People are transferred in skiffs and many people are idle because of the shutting down of several industries.

The railroad situation west of the river is probably the most serious ever experienced by the lines. Not a train is moving in or out of Memphis on the Frisco, Iron Mountain, Choc-taw and Cotton Belt lines. The latter road uses the Iron Mountain tracks from Fair Oaks to Memphis, and has a passenger train tied up at Blanton, 12 miles west of Memphis. Two passenger trains are tied up on the Frisco, one near Wynne, Ark., and the other three miles west of Bridge Junction.

Levees Continue to Hold.

New Orleans, March 18.—The river situation remains practically unchanged. The fact that there has been no rise of consequence since Saturday, and that the weather continues clear, has enabled the state, federal and district authorities materially to improve the temporary levees in front of the city. The New Orleans levee board said that the situation was full of hope, and that there was no reason whatever for local apprehension. The gauge marked 19.3, a rise of one-tenth in 24 hours. All the levees south of the Red River continue to hold.

Decisive Battle Expected.

Villemstad, Island of Curacao, Mich 18.—According to advices received here from revolutionary sources, the Venezuelan gunboat Restador bombarded the seaport town of arupano, state of Bermudez, and destroyed many of the houses there. The troops of the Venezuelan government it is added, are holding Cumana, about 55 miles from Carupano. Finally, it is asserted, that a decisive battle is expected to take place very shortly in the neighborhood of Coa, capital of the state of Falcon, between the Venezuelan revolutionists and the government troops.

Boy Prisoners Escape.

Zanville, O., March 18.—William Dye, Thomas Farly and Joseph Brown, boy prisoners from Marietta, effected an escape from the workhouse. They opened the doors. The boys were in on long terms for larceny and have each been in the Lancaster reformatory.

LARGER THAN JUMBO.

Jingo, the Giant Elephant, Sickness and Dies at Sea.

New York, March 18.—The elephant Jingo, said to have been larger than Jumbo, died at sea on the steamer Georgic, which arrived from Liverpool. The animal's death occurred March 12, and the huge body was buried at sea. An animal show bought Jingo in London. The elephant had not traveled since infancy, and from the time of sailing at Liverpool it fretted and pined away. Jingo was 22 years old, 12 feet high, weighed six tons and was valued at \$50,000.

For 60 hours preceding its death, the mammoth beast trumpeted without cessation, and twice knocked down its keeper, Thomas Lawrence, who attempted to pacify it. The cries of the elephant aroused the leopards and tigers which were on the ship, and they, too, joined in the cry, which for three days kept the crew of the Georgic on its guard.

FOUR MEN MANGLED.

Freight Train Crashes Into a Furniture Van During a Fog.

Pittsburg, March 18. — A Fort Wayne freight crashed into a furniture van of the North Side Transfer company at the Sandusky street crossing, Allegheny, wrecking the van and killing two men. Two others were seriously injured. The names of the killed were: John McKnight, head severed from body; Albert Cornelius, body crushed. The injured were: William Bustler, John McGreavy. Both are seriously hurt, but will recover. The accident was at a grade crossing and was caused by the fog and a misunderstanding of signals. The van was completely wrecked, and two of the three horses killed.

President Schwab Talks.

New York, March 18.—Charles M. Schwab, who returned to New York on the steamer Kron Prinz Wilhelm, said in the course of an interview that he never had felt so well in his life, or been so glad to get back to work. He declared he had no intention of resigning the presidency of the steel combination, adding: "But, of course, I don't own the United States Steel company, and its stockholders choose its officers." Referring to his observations in Europe, Mr. Schwab said: "I made this trip to study nature. I must say, however, that there is great commercial activity in some parts of Europe. Germany, for example, as well as France. This is not the only manufacturing nation in the world, and the sooner we realize that the better."

Conservative Defeat.

London, March 18.—The Conservatives have suffered a crushing reverse in the Rye division of Sussex, where a by-election was held for a successor to A. M. Brookfield, Conservative, who has been appointed British consul at Montevideo. The result was the return of C. F. Hutchinson, Liberal, by a majority of 534 over Edward Boyle, Conservative. Mr. Hutchinson, who appealed to the electors as a critic of the government's whole policy, obtained over 2,000 more votes than he did in 1900, when he opposed Mr. Brookfield, while the Conservative vote fell off about 1,000.

Enforcing the Blue Laws.

Philadelphia, March 18. — To force the issue on the blue laws, the prominent and reasonable members of the Sabbath Observance association have sworn out warrants for the arrest of several publishers of morning newspapers and the executive officers of a news company, a locomotive works and an ice cream company. The newspapers are being prosecuted for accepting advertisements on Sunday, selling wares and doing a manner of labor prohibited by the acts of 1794, which also prohibits a man from kissing his wife.

Challenges to Fight Duels.

Vienna, March 18. — Four Serbian officers, including former War Minister Anconies, have challenged Professor Alexander Borisavljevic of the university of Belgrade to fight duels to the death because he publicly charged them with obtaining promotion over their seniors through servility to Queen Draga. It is said that King Alexander peremptorily ordered the officers to send the challenges and the king's initiative is severely criticized in Serbia, where dueling is not a national institution.

King Oscar Interested.

Stockholm, March 18.—S. W. Kohlsaat, the St. Louis exposition commissioner, had a private audience with King Oscar. The king was much interested in the plans for the exhibition, and Mr. Kohlsaat is hopeful that Norway and Sweden will make an exhibit.

King's Gift to Cody.

London, March 18. — King Edward has sent Colonel Cody, "Buffalo Bill," a handsome scarfpin, with the royal cipher in diamonds surmounted by the crown, as a souvenir of his visit last Saturday to the Wild West show.

SOUTH DISAPPOINTED.

Senator Money Claims the President Has Revived the Race Question.

HE DISCUSSES THE INDIANOLA CASE.

Feeling in Dixie That No Negro Should Hold Office—Ratification of the Canal Treaty.

News of Washington.

Washington, March 18.—When the senate met Mr. Money (Miss.), in accordance with his notice previously given, spoke on the Indianola (Miss.) postoffice case. Mr. Money said that it was the duty of the postmaster to heal the breach that had been created. "The department has made the people of the south hate the administration," he said. "The people of the south hoped Mr. Roosevelt would be an American president, but, instead, he is the president of the black belt." His appointments, he said, had caused general disgust. He had raised the question of social equality of the negro. Mr. Money said recent appointments have revived the race question. The south has tolerated negro officeholders, but does not want any more of them. "This is a white man's country and government." There was a feeling in the south, he said, that no colored man should hold office.

When Mr. Money concluded the senate went into executive session.

Soon after the senate went into executive session the Cuban reciprocity treaty was taken up and Senator McEnery was recognized to speak against it.

Plimly Turned Down.

Washington, March 18. — Assistant Secretary Armstrong had a conference with the president regarding the case of William Plimly to be assistant United States treasurer at New York. While the officials are entirely reticent as to what will be done in the matter, it is understood that information received by the government is such that it has been practically decided that Mr. Plimly will not be commissioned.

Canal Treaty Ratified.

Washington, March 18.—The senate ratified the treaty with Colombia for the construction of the isthmian canal in its original form, without any change whatever in the document from the conclusion of the negotiations. The vote for the ratification was 73 in the affirmative to 5 in the negative. The senate was in executive session when the result was announced.

Moody's Party in Cuba.

Havana, March 18. — Secretary Moody and his party, with the exception of Postmaster General Payne and Senator Hale, left Havana for Santiago on a special train. Mr. Payne continued his journey to Santiago on board the Dolphin, and Senator Hale has started on his return to Washington. Mr. Moody will stop for three hours at Matanzas. He will also visit Santa Clara and Puerto Principe, and will arrive at Santiago Friday. The secretary said that the impression he had formed during his three hours' stay ashore at Bahia Honda was entirely favorable to that place. The harbor, he added, is convenient, and there is an ample site for a coaling station.

French and English Pleased.

London, March 18.—The announcement of the ratification of the Panama canal treaty by the United States senate it was received with satisfaction by the officials and others here, who have long been interested in this project. In government circles the senate's action was considered to be an assurance that the United States will carry out the work begun under French authorship. Although the government of France has no connection with the Panama Canal company, the former has always taken a deep interest in the success of the late Count De Lesseps' project, owing to the great number of French investors in the canal company.

Aged Baptist Minister.

Piqua, O., March 18.—The Rev. P. M. Weddell, one of the oldest Baptist ministers in the west, died suddenly at the age of 82. He celebrated his fiftieth anniversary in the ministry in 1838. He graduated from the Southern Baptist Theological seminary at Louisville, and was pastor at Pittsburg, Pa., and Canton, Wooster, Dayton, Troy and Piqua, O., at the last place for over 20 years. He retired from active ministry several years ago.

Bess Indicted.

Lexington, March 18.—J. W. Bess, charged with the murder of Mrs. Martha Martin, whose body was found in a pond, was indicted by the grand jury. Not waiting for an examining trial, Bess pleaded not guilty.

UNTIL MONDAY NEXT.

Burdick Inquest Postponed at Buffalo. Conclusions of a Witness.

Buffalo, March 18.—At the Burdick inquest, Mr. Charles S. Parke, Burdick's former business partner and close friend, while on the witness stand, gave it as his opinion, based upon information and supposition, that Pennell, or a hired assassin, killed Burdick. Fear of disclosures growing out of the divorce proceedings instituted by Mr. Burdick against his wife, Parke firmly believed to have been the motive for the crime. Mr. Parke told of conversations he had with Burdick relating to trouble with Pennell. On one occasion Burdick told Parke that Pennell had threatened suicide if the suit was not stopped. Pennell threatened to kill both himself and Mrs. Burdick. The inquest has been postponed till Monday next. District Attorney Coatsworth is suffering from a sore throat and can not speak without great difficulty.

UNION INCORPORATES.

Declares For Municipal Ownership and Shorter Hours.

Hartford, Conn., March 18. — The first labor union to file articles of incorporation in this state did so when an application was presented at the office of the secretary of state for the incorporation of the Metal Polishers, Buffers, Platers, Molders and Brass Workers' union of Meriden. The object of the proposed corporation as given in the application are reduction of the hours of labor, municipal ownership of public utilities, abolition of government by injunction in controversies between capital and labor, the enhancement of wages and the general welfare of all laboring classes.

Lynching Was Feared.

Cleveland, March 18.—James Beran of North Royalton, O., was brought here and lodged in the county jail as a result of a strong sentiment among the people of that village to lynch him. Beran is charged with having criminally assaulted Miss Gertrude Money, a schoolteacher, at North Royalton, while on her way home from school. The entire male population of the place turned out to hunt down the girl's assailant. He was finally found and locked up. A crowd of citizens gathered and became so threatening that the officers finally took Beran out through a rear door and hurried him to the county jail in this city. Miss Money is said to be in a serious condition.

Remarkable Indictment.

Lexington, Ky., March 18. — The most remarkable indictment ever returned by the Fayette circuit court was reported when the grand jury indicted Henry Welch, farmer, for going to church while afflicted with smallpox. A special statute makes the penalty a heavy fine. This is Kentucky's first case.

MAY ORDER A STRIKE.

Representatives of West Virginia Miners Now in Conference.

OPERATORS INVITED TO TAKE PART.

President Mitchell and Other Noted Leaders Will Attend—Wabash Injunction—Doings in the World of Labor.

Huntington, W. Va., March 18.—One hundred or more representatives of the United Mine Workers, representing every coal field in West Virginia, began a conference here, which may continue one week. Mother Jones and many leading organizers of the country are present. President John Mitchell is expected to be here the latter part of the week. Coal operators of West Virginia have been invited to meet with the miners at this session, but only a few will respond. It is rumored that the leading subject to be discussed will be the question of inaugurating a general strike in the state this spring.

The opening session of the conference was devoted mainly to a discussion of conditions in the coal fields of the state.

Wabash Injunction Case.

St. Louis, March 18. — In Judge Adams' court the reading of affidavits by the attorneys for the Wabash Railroad company was resumed. They presented in all 22 affidavits, and the reading of these occupied the greater part of the session of the court. The counsel for the defendant brotherhoods announced at the opening of court that they had 15 affidavits in rebuttal of those offered by the railroad company. All of the affidavits submitted by the company were of a character to uphold that of President Ramsey.

Mine to Be Abandoned.

Springfield, Ills., March 18. — Advice received by State Secretary Ryan of the United Mine Workers of America from Cardiff, Ills., are that the fire resulting from the recent explosion have burned the shaft timbers and is creeping to the surface, and has destroyed the tippie of the engine and machine room. The mine is flooded and will be abandoned. No attempt probably will be made to recover the remaining bodies. Fifty mules in the mine were either killed by the explosion or drowned by the flooding of the mine.

Dispute May Be Settled.

New Haven, March 18.—A meeting of the joint grievance committee of the conductors and trainmen of the New York, New Haven and Hartford railroad was held to discuss the action of the conference between the grievance committee and a committee of the board of directors of the railroad company. When asked about the prospects of a settlement, Valentine Fitzpatrick replied: "By both sides making concessions this thing will be settled."

Strike For an Increase.

Chicago, March 18.—Three hundred shippers, receiving clerks and salesmen in 12 of the large plumbing supply houses went on strike for a 9-hour day and a 15-cent increase in wages. All of the concerns are members of the employers' organization known as the Central Supply association.

Strike Commission's Report.

Washington, March 18. — Judge Gray and Carroll D. Wright, president and recorder, respectively, of the anthracite coal commission, handed to President Roosevelt the report of that commission. It is said the report will be made public Saturday.

Former Mayor Arraigned.

Minneapolis, March 18.—Dr. A. A. Ames, former mayor of Minneapolis, pleaded not guilty to all seven indictments against him, charging bribery, conspiracy and extortion in the district court, and bail was fixed at \$18,000. He has four days in which to secure bondsman. Dr. Ames walked slowly and leaned heavily on a deputy sheriff, but spoke with old-time geniality to some of the old friends.

Released From Responsibility.

Olean, N. Y., March 18.—The coroner has completed the inquest into the death of the victims of the petroleum explosion on the Erie railroad here, a short time ago, and as a result has found that the railroad company was in no way to blame for the loss of life; that the people knew of the existing danger, and were warned to move back, and that they were on the company's property.

FIRE INSURANCE.

Interesting Figures From State Commissioner Chenault's Annual Report.
Premiums and Losses.

FRANKFORT, Ky., March 17—The thirty-third annual report of the State Commissioner of Insurance was issued to-day by Commissioner John B. Chenault. In issuing this volume the Commissioner and his assistants have broken all previous records, it being completed and sent to the printer two months earlier than ever before. The officials of the department are now engaged on the life volume of the report and will complete it within six weeks.

The volume just issued shows the risks written in Kentucky during the year in the fire, marine and tornado business to have amounted to \$246,155,315, of which the Kentucky stock companies wrote \$4,642,233, the mutuals \$1,522,555, and the assessment \$3,778,185. The stock companies of other States wrote \$164,300,443 and the foreign companies \$57,911,899. The premiums reported on Kentucky business amounted to \$3,508,257.88. The losses paid in the State were given as \$1,731,384.13.

On January 1, 1902, there were 111 fire companies doing business in Kentucky. During the year five companies withdrew and four companies were admitted to the State. Two companies have been licensed since January 1, 1903.

IN NO HURRY.

It May be Six Months Before Work on Maysville Public Building Begins.

WASHINGTON, March 17.—At the office of the supervising architect of the Treasury Department the statement is made that bids for the construction of the extension of the Paducah public building will be advertised in about three weeks. The department is waiting upon the Attorney General for a decision of the titles of the Maysville and Henderson buildings and it will probably be as long as six months before work can be commenced upon these buildings.

I am now rounding up my twenty-third year in Maysville. During that entire time I have worked hard and incessantly to build a trade for first-class goods and to establish and hold a reputation for honorable and fair dealing. My success in business has proved to me that I have not worked in vain. My business has steadily increased from the beginning. I intend to continue in the same old way. For your very liberal support you have my most sincere thanks, and I most respectfully ask for a continuance of same. I want country people when in our city to visit my store and make it their headquarters. You are always welcome.

Remember, I run two delivery wagons, and it is always a pleasure to deliver goods.

"The Fences That Fence"

Are the fences that have been sought for many years. People who needed fences have been looking for them. People who make fences have been trying to solve the problem. There has been a gradual evolution from the rail fence and the rock wall, in which every form of wood and metal and their combinations have been tried and found wanting in some essential feature until the manufacturers produced the

A WOMAN'S BACK.

The Aches and Pains Will Disappear if the Advice of This Maysville Citizen is Followed.

A woman's back has many aches and pains.

Most times 'tis the kidneys' fault. Backache is really kidney ache; That's why Doan's Kidney Pills cure it. Many Maysville women know this. Read what one has to say about it:

Mrs. John E. Burns, of West End near Pogue, says: "I am greatly pleased with the benefit I received from the use of Doan's Kidney Pills which I procured at J. Jas. Wood & Son's drug store, corner of West Second and Market streets. Use proved them to be the best kidney remedy that I know of. I have heard a number of persons speak of the great relief obtained from the use of Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.
